Online exhibits, Trump and Gaga...

Dear

We're all changing the way we see art these days - and the way we present art. Here is a straightforward [example of Corona creativity](#).

And I have mine...

Please find a colourful "sliding" [presentation](#) of concepts, ideas and selected images.

And some [works in-the-making](#), the latest - among them Trump, Lady Gaga and - well, Jasper Johns. And a visual comment on Black Lives Matter...

Lately, the U.S. has been on the front pages. So too on mine.

The [entrance](#) to my art home always contains what has been done and what in-the-making...

Welcome also to take a virtual walk around my new Silk Peace Art Road (SPAR) and China 1983 online exhibitions [here](#).

Stay safe and healthy - and as happy as the circumstances permit...

My best, Jan

PS In a few days, you'll be invited to my show of new photo-and-painting Combines and new prints. Very different from anything else I've ever done. And online...

Today's virtual gifts for your joy and/or purchase

"Deng & Company" - 2020

Complex collage hinting at China's incredibly fast socio-economic development since Deng set in motion "the Opening Up" policy in 1978.

"Buddha in Koya-san" - 2008

From one of the most enigmatic places, I have been to in Japan, Koya-san, a huge mountain temple settlement of the Buddhist Shingon sect. Like all other works, limited edition (12), signed, numbered, printed on exquisite Canson fine art paper, accompanied by a signed Certificate of authenticity.

Re-designed homepage

The welcoming [frontpage](#) is an entrance to *a personal home* and not, like so many today, merely a place for easy and fast shopping. Don't miss [the moving inspiration guide](#).

Give yourself a little time when you explore the art home's many rooms - *feel at home, stimulated.*

I mean, why do people who spend a long time reading a book or seeing a movie think that a homepage is something to be consumed in 20 seconds?

A diverse and surprising art home

It's adapted to a global audience. It's free. It's open at any time. It implies no Corona risk - and I am right there when you contact me.

- **A new exhibition** with mixed images and media will open soon, online *and* for visitors by appointment.

- **Documentary photography** - a new section [here](#) - works from Syria, Somaliland and more.

- **New e-mail address:** jan@obergphotographics.com

Two new online exhibitions

The "Silk Peace Art Road (SPAR)" exhibition is now *online*. Walk from one work to the next on the wall, dwell or go quickly to the next, your choice - and it's open any time you like.

Right under it, the online "China 1983" exhibition.

The online art home

The homepage that changes constantly. Portfolios with background texts for a richer experience; online exhibitions, documentary, journal, about, FAQ, and a shop for easy online purchases. Always something new.

SPAR

Silk Peace Art Road

[SPAR](#) - about the new Silk Roads that shape the global future. It's a large photo-based multimedia installation exhibited at the European Culture Foundation during the 2019 Biennale in Venice. My main project at the moment. Follow the notes, the creation process and its travels.

"Photo And Other Art" Blog

What I write about my own work can be found [here](#). This blog contains ponderings, short videos, articles, exhibition notes, art fairs, books about *other* artists and their work. I'm not an art critic but an art recommender and I like to share things I like...

Art videos on Vimeo

Short and longer, diverse art stuff - for instance, paper production in China - my own processes and the art of others that I see at art places and when I travel.

"Global Art" Magazine

Since I read a lot of art stuff, I curate this online magazine on fabulous Flipboard. It's nothing systematic, art academic or with an elaborate editorial policy. No, it's a spontaneous endeavour. To share is to care -here for others who are interested in contemporary art.

Research and public education for a future in peace

I wrote above that I am an art photographer *and* a peace & future researcher. Those are my two parallel lives which increasingly converge. I thought that some of my art-loving friends might like to know a bit about that other life of mine.

TFF is a 100% independent network of world experts on peace and global affairs. Set up in 1986 by my wife Christina and me, we and our 50+ Associates around the world have produced 7000+ research-based articles for public education. We're exclusively people-financed and never mainstream - you can't be mainstream in this militarized world. We're committed, instead, to the UN Charter's provision that "peace shall be established by peaceful means." That's the most Gandhian document governments have ever signed.

□ *"I take, make and share art & documentary photography and combine it with peace research, hoping to help bring about a better future for all. It's the arts more than anything else that keeps us human. And I believe in global cooperation, sharing and positive energy."*
