Welcome to Art Weekend - Konsthelgen - Lund 2021

"China, US and Mona Lisa"

Dear

First, a big "thank you" to the dozens who visited my studio during the Cultural Night two weeks ago and to the many more who have "walked around" my exhibition online. It's been so encouraging to me! If you were there, *this weekend's exhibition is the same* - it's impossible to create a new exhibit in just two weeks:

Welcome to the important annual Art
Weekend - Konsthelg - in Lund 2021 at
Oberg PhotoGraphics.

"China US and Mona Lisa" is open tomorrow
Saturday, October 16, at Vegagatan 25 in Lund from
12:00 to 18:00 and Sunday the 17th same time.

Welcome to see, chat and enjoy a drink!

If you can't make it then but live close by, call me on
[0738-525200](tel:0738-525200) or write to janoberg@mac.com, and we
shall find a time when you'll be the only visitor(s).

The exhibition encompasses 70 works:

- 10 unique "Combines" - photography, collage and acrylic paintings to be shown in China with my [Silk Peace Art Road, SPAR, Installation](#)
- Prints from [China 2018](#)

- 4 works related to America's present crisis
- A few re-mastered old prints and some brand new digital paintings & collages, including Mona Lisa as you've never seen her.
- Three new complex special prints with reference to *Rumi*, *Caravaggio* - read about "[The Entombment of Christ In Aleppo](#)" and *Jasper Johns* - read about "[Behind Jasper Johns.](#)"

Find some of the latter new works in the [Art PhotoGraphics Shop](#) - read more, see them enlarged.

And think of making one of these exquisite, small-edition - but *very affordable* - fine art prints your own.

Too far away to come by?

You may still walk around the exhibition online [here](#), open 24/7. Grateful for every thought you may have!

Welcome!

Jan Oberg

"Global Art" Magazine

Since I read a lot of art stuff, I curate this online magazine on fabulous Flipboard. It's nothing systematic, art academic or with an elaborate editorial policy. No, it's a spontaneous endeavour. To share is to care - here for others who are interested in contemporary art.

Research and public education for a future in peace

I wrote above that I am an art photographer *and* a peace & future researcher. Those are my two parallel lives which increasingly converge. I thought that some of my art-loving friends might like to know a bit about that other life of mine.

TFF is a 100% independent network of world experts on peace and global affairs. Set up in 1986 by my wife Christina and me, we and our 50+ Associates around the world have produced 7000+ research-based articles for public education. We're exclusively people-financed and never mainstream - you can't be mainstream in this militarized world. We're committed, instead, to the UN Charter's provision that "peace shall be established by peaceful means." That's the most Gandhian document governments have ever signed.

□ *"I take, make and share art & documentary photography and combine it with peace research, hoping to help bring about a better future for all. It's the arts more than anything else that keeps us human. And I believe in global cooperation, sharing and positive energy."*
