## Cultural Night - Kulturnatten - in Lund, Sweden

Dear

Welcome to my new experimental exhibition - or open studio - on Saturday the 17th from 14 to 23: *"No Style Is A Style. Photographics Unfinished."*

If you are close by, come around. Always lots of people, conversations about art and politics. If too far away, [read about "No Style..." here](#).

I like to write about what I do and why. It's also a nice background for those who visit. Soon there will be an online presentation too.

So, a warm welcome either way!

The welcoming [front page](#) is an entrance to *a personal home* and not, like so many today, merely a place for easy and fast shopping. Don't miss [moving the inspiration slider](#).

Give yourself a little time when you explore the art home's many rooms - *feel* at home and don't hurry.

I mean, why do people who spend hours reading a book or seeing a movie think that a homepage is something to be consumed in 20 seconds?

## The online art home

The homepage that changes constantly. Always news on the front page. Portfolios with background texts for a richer experience; online exhibitions, documentary, journal, About, FAQ, and a shop for easy online purchases. Always something new.

## Silk Peace Art Road

**SPAR** - about the new Silk Roads that shape the global future. It's a large photo-based multimedia installation exhibited at the European Culture Foundation during the 2019 Biennale in Venice. My main project at the moment. Follow the notes, the creation process and its travels.

## "Photo And Other Art" Blog

This blog contains ponderings, short videos, articles, exhibition notes, art fairs, books about *other* artists and their work. I'm not an art critic but an art recommender and I like to share things I like... positive energy. (What I write about my own work can be found [here](#)).

## "Global Art" Magazine

Since I read a lot of art stuff, I curate this online magazine on the excellent *Flipboard*. It's nothing systematic, art academic or with an elaborate editorial policy. No, it's a spontaneous endeavour. To share is to care - here for others who are interested in contemporary art.

*Research and public education  
for a future in peace*

I wrote above that I am an art photographer *and* a peace & future researcher. Those are my two parallel lives which increasingly converge. I thought that some of my art-loving friends might like to know a bit about that other life of mine.

TFF is a 100% independent network of world experts on peace and global affairs. Set up in 1986 by my wife Christina and me, we and our 50+ Associates around the world have produced 7000+ research-based articles for public education. We're exclusively people-financed and never mainstream - you can't be mainstream in this militarized world. We're committed, instead, to the UN Charter's provision that "peace shall be established by peaceful means." That's the most Gandhian

document governments have ever signed.

□ *"I take, make and share art & documentary photography and combine it with peace research, hoping to help bring about a better future for all. It's the arts more than anything else that keeps us human. And I believe in global cooperation, sharing and positive energy."*
